The Green Movement

The Green Party began in Europe in the early 1970s as an environmental, anti-nuclear and social-justice grassroots movement. The Greens are now active in 75 countries and in all 50 states. We have elected representatives to the parliaments in several Western countries including Canada, the UK, Ireland and Germany. We have been very active in Brazil.

In 2016, our Presidential candidate was Dr. Jill Stein, who ran on the idea of the Green New Deal as a way of investing public funds in improving the infrastructure necessary to combat global warming; while putting folks back to work, and putting money back into the economy.

Greens are regular citizens who have said “enough is enough” to the politicians and corporations who ignore the needs of the public and of the environment.

Ten Key Values of the Green Party

- Decentralization
- Social Justice
- Nonviolence
- Ecological Wisdom
- Grassroots Democracy
- Economic Justice
- Gender Equity
- Future Focus
- Respect for Diversity
- Personal and Global Responsibility

Political Problems?

Common Sense Solutions.

GREEN PARTY OF CONNECTICUT

DEMOCRACY ◎ JUSTICE ◎ ECOLOGY

www.ctgreenparty.org

Key Issues

CLEAN POLITICS – The Green Party stands independent from the influence of special interests. We stand against the current system of campaign financing that allows special corporate interests to buy politicians' votes through campaign contributions. We do not accept money from corporations, PACs, and other business entities.

EDUCATION – The Green Party is deeply concerned about what is passing for school "reform". We are opposed to the Bush and Obama style of High Stakes Testing, where schooling of young children has been reduced to drilling for tests; with arts, music, and, often, recess, omitted from the curriculum. We are also opposed to the undermining of our neighborhood schools by the slow privatization via charter schools. Our inner city neighborhood schools desperately need support including smaller class sizes and more resources.

TAXES – Our large urban centers can no longer afford to allow wealthy non-profits to continue to be exempt from property taxes. New Haven, for example, is one of the poorest cities in the country, while playing host to one of the world's wealthiest universities. Yale is tax-exempt on its vast holdings of educational property.

EXPANDED LIVING WAGES – The Green Party stands for building a strong economy from the ground up. Higher wages from the state's larger employers can put more money in the hands of the community and create the foundation for an economy based on locally-owned small business instead of the national corporations that export their profits out of our towns and cities.

CIVIL RIGHTS AND SOCIAL JUSTICE – The Green Party stands for social justice and racial harmony. We are opposed to the Drug "War" which has devastated our local inner cities. We strongly support the principles of Community Policing and stand against the militarization of police forces as seen in much of the country.

HEALTH CARE – The Green Party strongly supports a national single-payer health care system as seen in Canada. At last count, we were *44th in the world in health care outcomes*, despite spending more than twice the amount, per capita, on this care. Of the 44, we are the only country to try to dispense health care principally via private, for-profit, insurance companies.

A Green vote is a vote for democracy!

The Green Party wants to earn your vote. We will not take it for granted. Voting for Green candidates will help to build a viable third party in America. Vote for candidates who will fight for you, your children, the environment and the return of democratic government. Every vote for the Democrats and Republicans says it is all right for them to continue to sell off your health, land, airwaves, power and taxes to corporations. Vote for true reformers. Vote Green.

Donate to the Green Party of Connecticut.

We need support from PEOPLE like YOU, so that we may continue to provide a true alternative to the status quo. So please join us in the fight for democracy, sane energy policy, a healthy environment, a fair budget for Connecticut and strong consumer protection. We DO NOT ACCEPT donations from corporate PACs or pro-corporate interests.
To make a donation you can send a personal check to:

Green Party of Connecticut
PO BOX 231214
Hartford, CT 06123

To help us comply with Connecticut election laws, please include your full name, regular mailing address, occupation, and the name of your employer. We encourage you to use the mail-in form on our website.

Contributions to the Green Party of Connecticut are NOT tax-deductible.

Volunteer with the Green Party of Connecticut.

Help the Green Party of Connecticut. Volunteer to work with a local chapter, the state party committee or with a candidate running for office. Send us an e-mail to: ctgreenparty@gmail.com with the subject Volunteer. Please include your interest, your full name, and contact information. We will forward your contact information to a local chapter and candidates only. We do not sell or barter personal information with any other persons, groups or organizations.
